

10/10/2017

To whom it concerns:

John C Slattery is the sole owner of Interior Rock, Inc. doing business at 838 McLean Ave. Yonkers NY 10474. The company's warehouse is at 528 Bryant Ave. Bronx NY 10474. We are primarily an interior excavation Company. We specialize in underpinning, rock excavation and ground support systems. We own a fleet of robotic equipment that enables us to work effectively in confined areas where conventional equipment is just too big. We employ up to fifteen people who are mainly operators, technicians and laborers.

We have outgrown the warehouse in the Bronx. While the property is valuable and close to our work in the city the 5,000 square feet is just not adequate for our needs.

Thank you,

John Slattery

Interior Rock, Inc
